# AGROCEL'S MAHALAABH

Mahalaabh is a Potassic and Environment Friendly Organic Fertilizer derived from natural sources. Mahalaabh is used as soil applied fertilizer as well as for Fertigation and Foliar application. It is nature's unique & perfectly balanced rich source of Potassium, Magnesium and Sulphur. Agrocel's Mahalaabh Potassium Schoenite is unique fertilizer which contains important nutrients in balanced proportion, hence it plays vital role in rapid and healthy growth for all the field crops and Horticulture crops, resulting in quality produce and high yield.

Mahalaabh with its high nutrient value offers better fruit size, taste, firmness, colour, shine, grain fill, weight, etc along with better yields. It also helps in improved shelf life of produce.

## BENEFITS

- Mahalaabh improves the flower to fruit ratio.
- Mahalaabh improves size, lustre, colour, sweetness, firmness of fruits.
- Mahalaabh increases Oil, Starch and Sugar percentage.
- Mahalaabh improves grain fill.
- Mahalaabh usage results in higher weight of the produce.
- Mahalaabh supplies nutrients in readily available form.
- Mahalaabh is compatible with most of the fertilizers.
- Very low chlorine content as compared to other fertilizers and hence is used on chlorine sensitive crops like Potato, Sugarcane, etc.
- Mahalaabh is certified as Organic product by ECOCERT.

## APPLICATION

- Soil Application /Fertigation: 25 Kg to 50 Kg per acre
- Foliar Application: Spray 10 gm/ litre of water for 2-3 times during flowering & fruiting stage of crop. (Dosage should be adjusted as per the recommendation and deficiency symptoms of the crop).

## PACKING

Available in 1kg, 5kg & 25kg packing.
